AN AGREEMENT BETWEEN:
Secretary, NSW Health
AND
Health Infrastructure
FOR THE PERIOD
1 July 2018 – 30 June 2019
NSW Health Statement of Service – 2018/19

Principal Purpose
The principal purpose of the Statement of Service is to set out the service and performance expectations for the funding and other support provided to Health Infrastructure (the Organisation), to ensure the provision of equitable, safe, high quality, patient-centred healthcare services.

The Statement of Service articulates direction, responsibility and accountability across the NSW Health system for the delivery of NSW Government and NSW Health priorities. Additionally, it specifies the service delivery and performance requirements expected of the Organisation that will be monitored in line with the NSW Health Performance Framework.

Through execution of the Statement of Service, the Secretary agrees to provide the funding and other support to the Organisation as outlined in this Statement of Service.

Parties to the Statement of Service

Health Infrastructure NSW

Sam Sangster
Chief Executive
On behalf of Health Infrastructure NSW

Date: 5 Oct 2018 Signed: [Signature]

NSW Health

Ms Elizabeth Koff
Secretary
NSW Health

Date: 15/10/18 Signed: [Signature]
Contents

3. Culture, Community and Workforce Engagement .................................. 3
4. Legislation, Governance and Performance Framework ......................... 4
5. Strategies and Priorities .................................................................... 7
6. Performance against Strategies and Objectives .................................... 11

Schedule A: Budget ........................................................................... 17
1. **Objectives of the Statement of Service**

- To articulate responsibilities and accountabilities across all NSW Health entities for the delivery of the priorities of the NSW Government and NSW Health.
- To establish with Support Organisations a performance management and accountability system for the delivery of high quality, effective healthcare services.
- To develop effective partnerships with Aboriginal Community Controlled Health Services and ensure the health needs of Aboriginal people are considered in all health plans and programs developed by Health Infrastructure.
- To promote accountability to Government and the community for service delivery and funding.

2. **CORE Values**

Achieving the goals, directions and strategies for NSW Health requires clear, co-ordinated and collaborative prioritisation of work programs, and supportive leadership that exemplifies the CORE Values of NSW Health:

- **Collaboration** – we are committed to working collaboratively with each other to achieve the best possible outcomes for our patients who are at the centre of everything we do. In working collaboratively we acknowledge that every person working in the health system plays a valuable role that contributes to achieving the best possible outcomes.
- **Openness** – a commitment to openness in our communications builds confidence and greater cooperation. We are committed to encouraging our patients and all people who work in the health system to provide feedback that will help us provide better services.
- **Respect** – we have respect for the abilities, knowledge, skills and achievements of all people who work in the health system. We are also committed to providing health services that acknowledge and respect the feelings, wishes and rights of our patients and their carers.
- **Empowerment** – in providing quality healthcare services we aim to ensure our patients are able to make well informed and confident decisions about their care and treatment. We further aim to create a sense of empowerment in the workplace for people to use their knowledge, skills and experience to provide the best possible care to patients, their families and carers.

3. **Culture, Community and Workforce Engagement**

Support Organisations are to ensure appropriate consultation and engagement with patients, carers and communities in relation to the design and delivery of health services. Impact Statements are to be considered and, where relevant, incorporated into health policies.

Consistent with the principles of accountability and stakeholder consultation, the engagement of clinical staff in key decisions, such as resource allocation and service planning, is crucial to achievement of local priorities.

3.1 **Engagement Survey**

- The People Matter Employee Survey measures the experiences of individuals across the NSW Health system in working with their team, managers and the organisation. The results of the survey will be used to identify areas of both best practice and improvement opportunities, to determine how change can be affected at an individual, organisational and system level to improve workplace culture and practices.
4. Legislation, Governance and Performance Framework

4.1 Legislation

The *Health Services Act 1997* (the Act) provides a legislative framework for the public health system, including the provision of health support services (s. 126B).

Health Infrastructure has the role and functions established in the instrument signed by the then Director-General, NSW Health, on 18 May 2010.

4.2 Determination of Functions

Health Infrastructure undertakes the following functions:

(i) to manage and co-ordinate Government approved capital works projects as directed by the Secretary and in partnership with local health districts and other public health organisations with an estimated total construction cost of $10M or more;

(ii) to deliver those capital works projects in accordance with the scope, time, budget and quality standards, consistent with applicable Government approvals and policy, as may be specified by the Ministry of Health;

(iii) to manage and coordinate and provide other relevant support services for capital works projects as requested by local health districts and other public health organisations with an estimated total construction cost of less than $10M;

(iv) to provide professional and technical advice, support and assistance for capital works projects in connection with local health districts and other public health organisations to facilitate project delivery by those organisations in accordance with the time, budget and quality standards, consistent with applicable Government policy, as specified by the Ministry of Health;

(v) undertake a system risk management role in relation to all approved capital works projects through the development and promulgation of standardised contracts, templates and other documentation to support best practice and compliance with relevant government policy;

(vi) provide support and oversight of asset management by local health districts and other public health organisations, including setting asset management standards, monitoring compliance and reporting against those standards to the Secretary as appropriate, in accordance with relevant government and NSW Health Policy and as otherwise specified by the Secretary from time to time;

(vii) the provision of such other infrastructure delivery services in connection with public health organisations and the public hospitals they control as may from time to time be determined.

4.3 Variation of the Agreement

The Agreement may be amended at any time by agreement in writing between the Organisation and the Ministry.

The Agreement may also be varied by the Secretary or the Minister in exercise of their general powers under the Act, including determination of the role, functions and activities of Support Organisations.

Any updates to finance or activity information further to the original contents of the Agreement will be provided through separate documents that may be issued by the Ministry in the course of the year.
4.4 Governance

Each Health Service and Support Organisation must ensure that all applicable duties, obligations and accountabilities are understood and complied with, and that services are provided in a manner consistent with all NSW Health policies, procedures plans, circulars, inter-agency agreements, Ministerial directives and other instruments and statutory obligations.

Support Organisations are to ensure
- Timely implementation of Coroner’s findings and recommendations, as well as recommendations of Root Cause Analyses.
- Active participation in state-wide reviews.

4.4.1 Corporate Governance

Each Health Service and Support Organisation must ensure services are delivered in a manner consistent with the NSW Health Corporate Governance and Accountability Compendium (the Compendium) seven corporate governance standards. The Compendium is at: http://www.health.nsw.gov.au/policies/manuals/pages/corporate-governance-compendium.aspx

Where applicable, they are to:
- Provide required reports in accordance with the timeframes advised by the Ministry;
- Review and update Manual of Delegations (PD2012_059) to ensure currency; and
- Ensure NSW Auditor-General’s, the Public Accounts Committee and the NSW Ombudsman’s recommendations where accepted by NSW Health are actioned in a timely and effective manner, and that repeat audit issues are avoided.

4.4.2 Clinical Governance

The NSW Patient Safety and Clinical Quality Program provides an important framework for improvements to clinical quality.

NSW public health services are accredited against the National Safety and Quality Health Service Standards.

4.4.3 Performance Framework

Statements of Service are central components of the NSW Health Performance Framework, which documents how the Ministry monitors and assesses the performance of public sector health services to achieve the expected service levels, financial performance, governance and other requirements.

The performance of a Support Organisation is assessed in terms of whether the organisation is meeting the strategic objectives for NSW Health and Government, the Premier’s priorities, the availability and implementation of governance structures and processes, performance against targets and whether there has been a significant critical incident or sentinel event.

The Framework also sets out the performance improvement approaches, responses to performance concerns and management processes that support achievement of these outcomes in accordance with NSW Health and Government policy and priorities.

Performance concerns will be raised with the Organisation for focused discussion at performance review meetings in line with the NSW Health Performance Framework available at:

5. **Strategies and Priorities**

NSW Health Strategies and Priorities are to be reflected in the strategic, operational and business plans of the Ministry and NSW Health Services and Support Organisations. Delivery of the Strategies and Priorities is the mutual responsibility of all entities.

**NSW: Making it Happen**

NSW: Making it Happen outlines NSW Health’s State Priorities, including 12 Premier’s Priorities that together define the NSW Government’s vision for a stronger, healthier and safer NSW. As delivery of both Premier’s and State priorities is the responsibility of all NSW Government Agencies, all entities work together to ensure successful delivery, in both lead and partnering agency capacities.

**Election Commitments**

**Minister’s Priority**

NSW Health will strive for engagement, empathy and excellence to promote a positive and compassionate culture that is shared by managers, front-line clinical and support staff alike. This culture will ensure the delivery of safe, appropriate, high quality care for our patients and communities. To do this, Health Services are to continue to effectively engage with the community, and ensure that managers at all levels are visible and working collaboratively with staff, patients and carers within their organisation, service or unit. These requirements will form a critical element of the Safety and Quality Account.
NSW - Making it Happen

Our Contribution to the 30 NSW Priorities

STATE PRIORITIES

BETTER SERVICES
- 70% of government transactions to be conducted via digital channels by 2019
- Increase the on-time admissions for planned surgery, in accordance with medical advice

PROTECTING THE VULNERABLE
- Successful implementation of the NDIS by 2018
  - Increase the number of households successfully transitioning out of social housing

SAFER COMMUNITIES
- LGAs to have stable or falling reported violent crime rates by 2019
- Reduce adult re-offending by 5% by 2019
- Reduce road fatalities by at least 30% from 2011 levels by 2021

BUILDING INFRASTRUCTURE
- 90% of peak travel on key road routes in on time
- Increase housing supply across NSW to deliver more than 50,000 approvals every year

STRONG BUDGET AND ECONOMY
- Expenditure growth to be less than revenue growth
  - Make NSW the easiest state to start a business
  - Be the leading Australian state in business confidence
  - Increase the proportion of completed apprenticeships
  - Halve the time taken to assess planning applications
  - Maintain the AAA credit rating

PREMIER'S PRIORITIES

BUILDING INFRASTRUCTURE
- Key infrastructure projects to be delivered on time and on budget

CREATING JOBS
- 150,000 new jobs by 2019

DRIVING PUBLIC SECTOR DIVERSITY
- Double the number of Aboriginal and Torres Strait Islander peoples in senior leadership roles and increase the proportion of women in senior leadership roles to 50% in the government sector in the next 10 years

FASTER HOUSING APPROVALS
- 90% of housing development applications determined within 40 days

IMPROVING EDUCATION RESULTS
- Increase the proportion of NSW students in the top two NAPLAN bands by 8%

IMPROVING GOVERNMENT SERVICES
- Improve customer satisfaction with key government services every year, this form of government

IMPROVING SERVICE LEVELS IN HOSPITALS
- 81% of patients through Emergency Departments within four hours by 2019

KEEPING OUR ENVIRONMENT CLEAN
- Reduce the volume of litter by 40% by 2020

PROTECTING OUR KIDS
- Decrease the percentage of children and young people re-reported at risk of significant harm by 15%

REDUCING DOMESTIC VIOLENCE
- Reduce the proportion of domestic violence perpetrators re-offending within 12 months by 5%

REDUCING YOUTH HOMELESSNESS
- Increase the proportion of young people who successfully move from specialist homelessness services to long-term accommodation by 10%

TACKLING CHILDHOOD OBESITY
- Reduce overweight and obesity rates of children by 5% over 10 years
**NSW State Health Plan: Towards 2021**

**NSW Health Strategic Priorities 2018-19**

The NSW Health Strategic Priorities 2018-19 outlines builds on and complements the NSW State Health Plan: Towards 2021 and aligns to the NSW State and Premier’s Priorities. The approach outlined in the plan reframes the Ministry’s role as system manager for NSW Health, strengthens system governance and establishes a strategic planning framework that:

- Embeds a new cross-functional approach to strategic planning and delivery in the Ministry including tighter direction and leadership;
- Allows a flexibility about how we go about achieving this in order to encourage innovation and continuous improvement; and
- Applies a tight ownership around the deliverables which will enable us to easily and transparently monitor results.

This will provide the system and our stakeholders with a meaningful overview of system priorities, and transparency and clarity on where strategic effort will be focused each year, while also delivering business as usual.
**NSW Health Strategic Priorities FY2018-19**

6. Performance against Strategies and Objectives

The performance of a Support Organisation is assessed in terms of whether it is meeting performance targets for individual key performance indicators for each NSW Health Strategic Priority.

- 🔄 Performing
- ➖ Underperforming
- ✗ Not performing

Performance at, or better than, target
Performance within a tolerance range
Performance outside the tolerance threshold

Detailed specifications for the key performance indicators are provided in the Service Agreement Data Supplement along with the list of improvement measures that will continue to be tracked by the Ministry’s Business Owners - see

The Data Supplement also maps indicators and measures to key strategic programs including

- Premier’s and State Priorities
- Election Commitments
- Better Value Care
- Patient Safety First
- Mental Health Reform
- Financial Management Transformations

Key deliverables under the NSW Health Strategic Priorities 2018-19 will also be monitored, noting that process key performance indicators and milestones are held in the detailed Operational Plans developed by each Health Service and Support Organisation.

Strategy 7: Deliver Future Focused Infrastructure and Strategic Commissioning

| 7.1                | **Capital** - Variation Against Approved Budget (%)                    | On budget       | > +/- 10 of budget | NA                | < +/- 10 of budget |

Strategy 8: Build Financial Sustainability and Robust Governance

| 8.1                | **Expenditure Matched to Budget** - General Fund - Variance (%)        | On budget or Favourable | >0.5 Unfavourable | >0 but =0.5 Unfavourable | On budget or Favourable |

Health Infrastructure Scorecard

Health Infrastructure will continue to monitor and report against the measures in the HI Scorecard:

- **Organisational Capacity:**
  - Employee Engagement
  - Talent Actions
  - Succession Planning
  - Learning & Development

- **Financial Performance:**
  - Cashflow
  - Business Cases Completed
  - Safety Performance
  - Projects Delivered on Time

- **Internal Business Processes**
  - Invoices Entered and Paid
  - Procurement Audit Issues
  - Contract Management and Project Management Audit Issues

- **Customer & Stakeholder**
  - CORE Behaviours – Client Survey
6.2 Strategic Deliverables

In addition to key performance indicators, and performance against the HI Scorecard metrics, achievement of strategic deliverables by Health Infrastructure NSW under NSW Health Strategic Priorities 2018-19 will be monitored.

There will be regular monitoring of progress by the Strategic Lead position and using Roadmaps.
