Re: SSD-10389 Liverpool Hospital Redevelopment – Conditions C44-46 – Independent Audit

Dear Mr Fishburn,

Reference is made to State Significant Development (SSD) consent SSD-10389 for Liverpool Hospital Redevelopment (LHR). In accordance with Conditions C44, C45 and C46 of the consent, please find the Independent Environmental Audit (IEA) report (No.7) for the project, accompanied by the required Proponent Review and Response (PR&R) document. No non-compliances were identified. One opportunity for improvement was identified.

The Department of Planning, Housing and Infrastructure (DPHI) approved Health Infrastructure's (HI) request to cease auditing on related SSD consent no. SSD-10388 for the Liverpool Hospital Multi-Storey Carpark (MSCP), with the agreement noting that future IEAs for SSD-10389 LHR will include an audit of condition compliance under SSD-10388.

IEA No.7 for LHR has not included an audit of SSD-10388 MSCP, as works have not commenced in the area of the site which is the subject of SSD-10388.

In accordance with Condition C45(c) the Independent Audit Report and Proponent Review and Response referred to above, will be made publicly available on the project website within 60 days.

Should you have any queries regarding the above, please do not hesitate to contact the undersigned on mobile 0400 403 997 or via email kathryn.saunders@health.nsw.gov.au

Sincerely,

Kathryn Saunders
Senior Advisor, Town Planning (Post Approval & Compliance)
