An agreement between the  
Secretary, NSW Health and  
Health Infrastructure

for the period 1 July 2023 - 30 June 2024

# NSW Health Statement of Service – 2023-24

## Principal purpose

The principal purpose of the Statement of Service is to set out the service and performance expectations for funding and other support provided to Health Infrastructure (the Organisation), to ensure the provision of equitable, safe, high quality and human-centred healthcare services.

The agreement articulates direction, responsibility and accountability across the NSW Health system for the delivery of NSW Government and NSW Health priorities. Additionally, it specifies the service delivery and performance requirements expected of the Organisation that will be monitored in line with the *NSW Health Performance Framework*.

Through execution of the statement, the Secretary agrees to provide the funding and other support to the Organisation as outlined in this Statement of Service.

# 1. Legislation, governance and performance framework

## 1.1 Legislation

The *Health Services Act 1997* (the Act) provides a legislative framework for the public health system, including the provision of health support services (s.126B).

Health Infrastructure has the role and functions established in the instrument signed by the then Director-General, NSW Health, on 18 May 2010.

## 1.2 Delegation of Functions

Health Infrastructure undertakes the following functions:

- i. to manage and co-ordinate Government approved capital works projects as directed by the Secretary and in partnership with Local Health Districts and other public health organisations with an estimated total construction cost of \$10M or more;
- ii. to deliver those capital works projects in accordance with the scope, time, budget and quality standards, consistent with applicable Government approvals and policy, as may be specified by the Ministry of Health;
- iii. to manage and coordinate and provide other relevant support services for capital works projects as requested by Local Health Districts and other public health organisations with an estimated total construction cost of less than \$10M;
- iv. to provide professional and technical advice, support and assistance for capital works projects in connection with Local Health Districts and other public health organisations to facilitate project delivery by those organisations in accordance with the time, budget and quality standards, consistent with applicable Government policy, as specified by the Ministry of Health;
- v. undertake a system risk management role in relation to all approved capital works projects through the development and promulgation of standardised contracts, templates and other documentation to support best practice and compliance with relevant government policy;
- vi. provide support and oversight of asset management by Local Health Districts and other public health organisations, including setting asset management standards, monitoring compliance and reporting against those standards to the Secretary as appropriate, in accordance with relevant government and NSW Health Policy and as otherwise specified by the Secretary from time to time;
- vii. the provision of such other infrastructure delivery services in connection with public health organisations and the public hospitals they control as may from time to time be determined.

## 1.3 Variation of the agreement

The Statement may be amended at any time by agreement in writing between the Organisation and the NSW Ministry of Health.

The Statement may also be varied by the Secretary or the Minister in the exercise of their general powers under the Act, including determination of the role, functions and activities of support organisations.

Any updates to finance or activity information further to the original contents of the Statement will be provided through separate documents that may be issued by the Ministry of Health in the course of the year.

## 1.4 Conditions of Subsidy

The Organisation is required to comply with the various Conditions of Subsidy set out in *Financial Requirements and Conditions of Subsidy (Government Grants)*.

## 1.5 Governance

The Organisation must ensure that all applicable duties, obligations and accountabilities are understood and complied with, and that services are provided in a manner consistent with all NSW Health policies, procedures, plans, circulars, inter-agency agreements, Ministerial directives and other instruments and statutory obligations.

### 1.5.1 Clinical governance

NSW public health services are accredited against the *National Safety and Quality Health Service Standards*.

The *Australian Safety and Quality Framework for Health Care* provides a set of guiding principles that can assist health services with their clinical governance obligations.

The NSW Health *Patient Safety and Clinical Quality Program* (PD2005\_608) provides an important framework for improvements to clinical quality.

### 1.5.2 Corporate governance

The Organisation must ensure services are delivered in a manner consistent with the *NSW Health Corporate Governance and Accountability Compendium*.

### 1.5.3 Procurement governance

The Organisation must ensure procurement of goods and services complies with *NSW Health Procurement* policy (PD2022\_020).

### 1.5.4 Aboriginal Procurement Policy

The NSW Government supports employment opportunities for Aboriginal people, and the sustainable growth of Aboriginal businesses by driving demand via government procurement of goods, services and construction. NSW Government agencies must apply the *Aboriginal Procurement Policy* to all relevant procurement activities.

### 1.5.5 Public health emergency preparedness and response

The Organisation must comply with standards set out in *Public Health Emergency Response Preparedness Minimum Standards* (PD2019\_007) and adhere to the roles and responsibilities set out in *Early Response to High Consequence Infectious Disease* (PD2023\_008)

### 1.5.6 Performance Framework

Statements of Service are a central component of the NSW Health Performance Framework which documents how the Ministry of Health monitors and assesses the performance of public sector health services to achieve expected service levels, financial performance, governance and other requirements.

## 2. Strategic priorities

The delivery of NSW Health strategies and priorities is the responsibility of the Ministry of Health, health services and support organisations. These are to be reflected in the strategic, operational and business plans of these entities.

### 2.1 Future Health: Strategic Framework

The *Future Health Strategic Framework* is the roadmap for the health system to achieve NSW Health's vision.

Strategic outcomes	Key objectives
 <p><b>Patients and carers have positive experiences and outcomes that matter:</b> People have more control over their own health, enabling them to make decisions about their care that will achieve the outcomes that matter most to them.</p>	<ul style="list-style-type: none"> <li>1.1 Partner with patients and communities to make decisions about their own care</li> <li>1.2 Bring kindness and compassion into the delivery of personalised and culturally safe care</li> <li>1.3 Drive greater health literacy and access to information</li> <li>1.4 Partner with consumers in co-design and implementation of models of care</li> </ul>

 <p><b>Our staff are engaged and well supported:</b> Staff are supported to deliver safe, reliable person-centred care driving the best outcomes and experiences.</p>	<ul style="list-style-type: none"> <li>4.1 Build positive work environments that bring out the best in everyone</li> <li>4.2 Strengthen diversity in our workforce and decision-making</li> <li>4.3 Empower staff to work to their full potential around the future care needs</li> <li>4.4 Equip our people with the skills and capabilities to be an agile, responsive workforce</li> <li>4.5 Attract and retain skilled people who put patients first</li> <li>4.6 Unlock the ingenuity of our staff to build work practices for the future</li> </ul>
 <p><b>Research and innovation, and digital advances inform service delivery:</b> Clinical service delivery continues to transform through health and medical research, digital technologies, and data analytics.</p>	<ul style="list-style-type: none"> <li>5.1 Advance and translate research and innovation with institutions, industry partners and patients</li> <li>5.2 Ensure health data and information is high quality, integrated, accessible and utilised</li> <li>5.3 Enable targeted evidence-based healthcare through precision medicine</li> <li>5.4 Accelerate digital investments in systems, infrastructure, security and intelligence</li> </ul>
 <p><b>The health system is managed sustainably:</b> The health system is managed with an outcomes-focused lens to deliver a financially and environmentally sustainable future.</p>	<ul style="list-style-type: none"> <li>6.1 Drive value based healthcare that prioritises outcomes and collaboration</li> <li>6.2 Commit to an environmentally sustainable footprint for future healthcare</li> <li>6.3 Adapt performance measurement and funding models to targeted outcomes</li> <li>6.4 Align our governance and leaders to support the system and deliver the outcomes of Future Health</li> </ul>

The framework is a reflection of the aspirations of the community, our patients, workforce and partners in care for how they envisage our future health system. The Strategic Framework and delivery plans will guide the next decade of care in NSW from 2022-32, while adapting to and addressing the demands and challenges facing our system. There will be specific activities for the Ministry of Health, health services and

support organisations to deliver as we implement the Future Health strategy, and services should align their strategic, operational and business plans with these Future Health directions.

## 2.2 Regional Health Strategic Plan 2022-32

The Regional Health Strategic Plan (the Plan) outlines NSW Health’s strategies to ensure people living in regional, rural and remote NSW can access high quality, timely healthcare with excellent patient experiences and optimal health outcomes. The Plan aims to improve health outcomes for regional, rural and remote NSW residents over the next decade of , from 2022 to 2032.

Regional NSW encompasses all regional, rural and remote areas of NSW. There are nine regional local health districts in NSW: Central Coast, Far West, Hunter New England, Illawarra Shoalhaven, Mid North Coast, Murrumbidgee, Northern NSW, Southern NSW and Western NSW. Some areas of other local health districts may also be considered regional for the purpose of the Pplan such as South Western Sydney and Nepean Blue Mountains. The Regional Health Strategic Plan is also supported by the metropolitan local health districts and by the Specialty Health Networks which have patients in many regional locations.

The Regional Health Plan Priority Framework outlines a suite of targets for each Strategic Priority, to be achieved in the first time horizon of the Plan (years 1-3).

PRIORITIES	KEY OBJECTIVES
 <p><b>1. Strengthen the regional health workforce:</b> Build our regional workforce; provide career pathways for people to train and stay in the regions; attract and retain healthcare staff; address culture and psychological safety, physical safety and racism in the workplace.</p>	<p>1.1 <b>Invest in and promote rural generalism</b> for allied health professionals, nurses and doctors</p> <p>1.2 <b>Prioritise the attraction and retention</b> of healthcare professionals and non-clinical staff in regional NSW</p> <p>1.3 <b>Tailor and support career pathways for Aboriginal health staff</b> with a focus on recruitment and retention</p> <p>1.4 <b>Expand training and upskilling opportunities, including across borders</b> to build a pipeline of regionally based workers</p> <p>1.5 <b>Accelerate changes to scope of practice whilst maintaining quality and safety</b>, encouraging innovative workforce models and recognition of staff experience and skills</p> <p>1.6 <b>Nurture culture, psychological and physical safety</b> in all NSW Health workplaces and build positive work environments that allow staff to thrive</p>
 <p><b>2. Enable better access to safe, high quality and timely health services:</b> Improve transport and assistance schemes; deliver appropriate services in the community; continue to embed virtual care as an option to complement face-to-face care and to provide multidisciplinary support to clinicians in regional settings.</p>	<p>2.1 <b>Improve local transport solutions and travel assistance schemes</b>, and address their affordability, to strengthen equitable access to care</p> <p>2.2 <b>Deliver appropriate services in the community</b> that provide more sustainable solutions for access to healthcare closer to home</p> <p>2.3 <b>Leverage virtual care</b> to improve access, whilst ensuring cultural and digital barriers are addressed</p> <p>2.4 <b>Enable seamless cross-border care and streamline pathways to specialist care</b> ensuring access to the best patient care regardless of postcode</p> <p>2.5 <b>Drive and support improved clinical care, safety and quality outcomes</b> for patients in hospitals and other settings</p> <p>2.6 <b>Align infrastructure and sustainable service planning</b> around the needs of staff and communities and to enable virtual care</p>
 <p><b>3. Keep people healthy and well through prevention, early intervention and education:</b> Prevent some of the most significant causes of poor health by working across government, community, and other organisations to tackle the social determinants of health; prepare and respond to threats to population health.</p>	<p>3.1 <b>Address the social determinants of health</b> in our communities by partnering across government, business and community</p> <p>3.2 <b>Invest in mental health and make progress towards zero suicides</b></p> <p>3.3 <b>Invest in maternity care and early childhood</b> intervention and healthcare to give children the best start in life</p> <p>3.4 <b>Invest in wellness, prevention and early detection</b></p> <p>3.5 <b>Prevent, prepare for, respond to, and recover from pandemics</b> and other threats to population health</p>
 <p><b>4. Keep communities informed, build engagement, seek feedback:</b> Provide more information to communities about what health services are available and how to access them; empower the community to be involved in how health services are planned and delivered; increase responsiveness to patient experiences.</p>	<p>4.1 <b>Encourage choice and control over health outcomes</b> by investing in health literacy, awareness of services and access to information</p> <p>4.2 <b>Engage communities through genuine consultation and shared decision-making</b> in design of services and sustainable local health service development</p> <p>4.3 <b>Support culturally appropriate care and cultural safety</b> for zero tolerance for racism and discrimination in health settings</p> <p>4.4 <b>Capture patient experience and feedback</b> and use these insights to improve access, safety and quality of care</p> <p>4.5 <b>Improve transparency of NSW Health decision-making</b> and how it is perceived and understood by patients and the community</p>

### Strategic priorities

PRIORITIES	KEY OBJECTIVES
 <p><b>5. Expand integration of primary, community and hospital care:</b> Roll out effective, sustainable integrated models of care through collaboration between Commonwealth and NSW Government and non-Government organisations to drive improved access, outcomes and experiences.</p>	<p>5.1 <b>Develop detailed designs for expanded primary care models</b> and trial their implementation in regional NSW through working with the Commonwealth and National Cabinet, Primary Health Networks, Aboriginal Community Controlled Health Organisations, NGOs and other partners</p> <p>5.2 <b>Address the employer model</b> to support trainees and staff to work seamlessly across primary care, public, private settings and Aboriginal Community Controlled Health Organisations to deliver care to regional communities</p> <p>5.3 <b>Improve access and equity of services for Aboriginal people and communities</b> to support decision making at each stage of their health journey</p> <p>5.4 <b>Develop ‘place-based’ health needs assessments and plans</b> by working closely with Primary Health Networks, Aboriginal Community Controlled Health Organisations and other local organisations including youth organisations and use these to resource services to address priority needs</p>
 <p><b>6. Harness and evaluate innovation to support a sustainable health system:</b> Continue to transform health services through aligned funding and resourcing models, digital and health technologies, research and environmental solutions.</p>	<p>6.1 <b>Align NSW and Commonwealth funding and resourcing models</b> to provide the financial resources to deliver optimal regional health services and health outcomes</p> <p>6.2 <b>Fund and implement digital health investments and increase capability of workforce</b> to deliver connected patient records, enable virtual care, provide insightful health data and streamline processes</p> <p>6.3 <b>Undertake research and evaluation</b> with institutions, industry partners, NGOs, consumers and carers</p> <p>6.4 <b>Commit to environmental sustainability footprint</b> for future regional healthcare</p>

## 2.3 NSW Government Priorities

There are several government priorities that NSW Health is responsible for delivering. These government priorities are usually reported to the Premier’s Department or The Cabinet Office through NSW Health Executive. Progress on government priorities allocated to Health is monitored by the Ministry of Health including:

- Election Commitments
- Charter Letter commitments
- Inquiry recommendations

## 2.4 NSW Health Outcome and Business Plan

The NSW Health Outcome and Business Plan is an agreement between the Minister for Health, the Secretary, NSW Health and the NSW Government setting out the outcomes and objectives that will be the focus for the current period. In 2022 NSW Health’s Outcome Structure was realigned to the Future Health strategic framework. The revised state outcomes are:

- People are healthy and well
- Safe care is delivered within our community
- Safe emergency care is delivered
- Safe care is delivered within our hospitals
- Our staff are engaged and well supported
- Research and innovation and digital advances inform service delivery
- To achieve these outcomes, NSW Health has set a series of ambitious targets and has a comprehensive program of change initiatives in place. These targets have been built into key performance indicators in the Statement of Service, the NSW Health Performance Framework, the NSW Health Purchasing Framework and the funding model.
